Diploma No:  
Diploma Date:

The Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of supplement is to provide sufficient independent data to improve the international “transparency” and fair academic and professional recognition of qualifications (diplomas, degrees, certificates, etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value-judgments, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

**1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION**

- 1.1. Family name(s):
- 1.2. Given name(s):
- 1.3. Place and date of birth:
- 1.4. Student identification number:

**2. INFORMATION IDENTIFYING THE QUALIFICATION**

- 2.1. Name of the qualification:  
**Nursing, Undergraduate**
- 2.2. Main field(s) of study for qualification:  
**Nursing**
- 2.3. Name and status of awarding institution:  
Celal Bayar University: **State university**  
Celal Bayar Üniversitesi: **Devlet üniversitesi**
- 2.4. Name and status of institution administering studies:  
**Same as 2.3.**
- 2.5. Language(s) of instruction/examination:  
**Turkish**

**3. INFORMATION ON THE LEVEL OF THE QUALIFICATION**

- 3.1. Level of qualification.  
*First Cycle (Bachelor's Degree)*
- 3.2. Official length of program:  
**4 years , 2 semesters per year, 16 weeks per semester**
- 3.3. Access requirement(s):  
**High school diploma,**  
**Placement through a centralized national university placement examination (ÖSS)**

#### 4. INFORMATION ON THE CONTENTS AND RESULT GAINED

##### 4.1. Mode of study:

*Full-time*

##### 4.2. Program requirements:

Requirements

**A student is required to have a minimum CGPA 60/100 and no failing grades.**

Objectives

- **To prepare students to provide professional nursing care in a variety of practice settings Practice nursing that encompasses caring within the human health experience and to make students conceptualise the needs of humans in a holistic approach based on knowledge and clinical judgment**
- **Demonstrate skills necessary for the professional practice of nursing**
- **To have the students internalize the ethical values, social aspects and obligations of professional nursing**
- **To improve research skills for analysing nursing issues by providing mathematical and statistical methods**

##### 4.3. Program details and the individual grade/marks/credits obtained:

###### Semester 1

Code	Course Name	ECTS Credits	Course category	National Credits
HEM 101	INTRODUCTION TO NURSING	2	Required	2
HEM 103	ANATOMY	4	Required	4
HEM 105	HISTOLOGY-EMBRYOLOGY	2	Required	2
HEM 107	PHYSIOLOGY	5	Required	5
HEM 109	BIOCHEMISTRY	2	Required	2
HEM 111	BASIC PRINCIPLES OF NURSING AND PRACTICES I	9	Required	8
TBT 161	BASIC COMPUTER TECHNOLOGY I	3	Required	3
AİT 121	ATATÜRK'S PRINCIPLES AND HISTORY OF REVOLUTION I	2	Required	2
BEG 151	PHYSICAL EDUCATION I	1	Elective	1

###### Semester 2

Code	Course Name	ECTS Credits	Course Category	National Credits
HEM 102	NUTRITION	2	Required	2
HEM 104	INTERPERSONAL RELATIONS	2	Required	2
HEM 106	MICROBIOLOGY	5	Required	2.5
HEM 108	PSYCHOLOGY	3	Required	2
HEM 110	MEDICAL PARASITOLOGY	3	Required	1.5
HEM 112	BASIC PRINCIPLES OF NURSING AND PRACTICES II	9	Required	8

HEM 404	COMMUNITY HEALTH NURSING	21	Required	14

Total ECTS Credits : **240**

Total National Credits: **180**

CGPA:

#### 4.4. Grading scheme and grades:

For each course taken, the student is given one of the following grades by the course teacher.

The letter grades, grade points, and percentage equivalents are given below;

PERCENTAGE	COURSE GRADE	GRADE POINTS
86-100	A	4.00
66-85	B	3.00
50-65	C	2.00
49 and below	F	0.00

Other Grades: I : Incomplete, S: Satisfactory Completion, P: Satisfactory Progress, U: Unsatisfactory, EX: Exempt, NI: Not Included, W: Withdrawn, NA: Not Attended.

A grade of (I) is given to a student who provides supporting evidence through genuine and valid documentation of illness or other reason which has prevented her/him from completing the necessary course work. In such a case, within 15 days from the day of submitting the grades to the Registrar's

Office, the student must complete the missing work and obtain a grade. Otherwise, the (I) grade will automatically become an (F).

The grade (S) is given to the students who are successful in non-credit courses, and (U) to those who are unsuccessful in such courses, (S) can also be given to courses accepted as equivalents in transfers from other universities.

The grade (P) is given to students who are successful in taking non-credit courses.

The grade (EX) is given to students who are found successful in the examination for exemption conducted by the department concerned for courses determined by the University Senate. The (EX) grade is not included in computing the grade point average (GPA) but is shown on the transcript.

#### 4.5. Overall classification of the qualification

### 5. INFORMATION ON THE FUNCTION OF THE QUALIFICATION

5.1. Access to further study:

*May apply to first cycle programmes*

5.2. Professional status conferred:

**This degree enables the holder to exercise the profession.**

### 6. ADDITIONAL INFORMATION

6.1. Additional information:

**School of Applied Sciences web site:** <http://www.bayar.edu.tr/~saglikyo/>

7.2. Name and Signature:

7.3. Capacity:

7.4. Official stamp or seal:

### 8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

The Basic Structure of the Turkish National Education System consists of four main stages as pre-school education, primary education, secondary education and higher education.

Pre-school education consists of non-compulsory programmes whereas primary education is a compulsory 8 year programme for all children beginning from the age of 6. The secondary education system includes “General High Schools” and “Vocational and Technical High Schools”.

Higher Education is defined as all post-secondary programmes with a duration of at least two years. The system consists of universities (state and non-profit foundation) and other types of higher education institutions (police and military academies and foundation vocational schools). Each university consists of faculties and schools offering First Cycle (Bachelor’s level) programmes (240 ECTS), two year vocational higher schools offering Short Cycle (Associate’s level) programmes (120 ECTS) of a strictly vocational nature and also graduate schools administering graduate programmes.

The Higher Education Law No. 2547 is the main law, which governs the higher education in Turkey. All universities (both state and non-profit foundation) are subject to the same law and regulations/rules. All state and non-profit foundation universities are founded by Law. The Higher Education System is regulated by the Council of Higher Education (Yüksek Öğretim Kurulu-YÖK) established in 1981, the Council regulates the activities of higher education institutions with respect to research, governing, planning and organization.

Admission to higher education is based on a nation-wide Student Selection Examination (ÖSS). The examination is held once a year and is administered by the Student Selection and Placement Center (ÖSYM). Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection examination and their high school grade point averages.

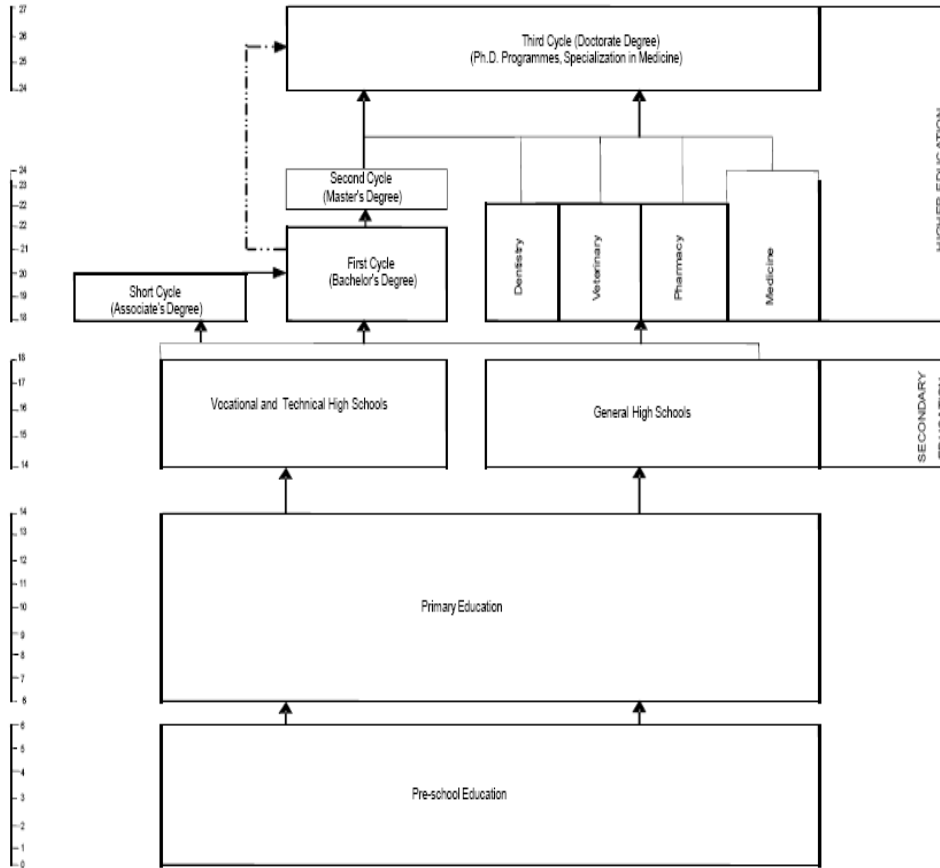

Graduate level of study consists of the Second Cycle (Master's Degree) and the Third Cycle (PhD/Doctorate Degree) programmes. There are two types of Master's programmes: with or without a thesis. The Master's programmes with a thesis have 120 ECTS and consist of a minimum of seven courses, with a minimum of 21 national credits\*, one seminar course, and a thesis. The seminar course and thesis are non-credit and graded on a pass/fail basis. The duration of the Master's programmes with a thesis is four semesters. Non-thesis Master's programmes have 90 ECTS and consist of a minimum of 10 courses with a minimum of 30 national credits and a non-credit semester project. The semester project is graded on a pass/fail basis. Duration of the non-thesis Master's programmes is three semesters. PhD programmes have 240 ECTS and duration of eight semesters which consists of completion of a minimum of seven courses, with a minimum of 21 national credits, passing a qualifying examination, preparing and defending a doctoral dissertation. Specialization in Medicine accepted as equivalent to third cycle programmes are carried out within the faculties of medicine, university hospitals and the training hospitals owned by the Ministry of Health.

Since 2003, a change in the 1996 Regulations on Graduate Education allows Bachelor's degree holders to PhD programmes if their performance at the Bachelor's degree level is exceptionally high and their application is approved. For these students, the theoretical part of the PhD programmes consists of a minimum of 14 courses, with a minimum of 42 national credits.

---

\* The national credit system is based on contact hours (i.e. theoretical or practical hours per week). 1.0 credit stands for each hour of lecture a week and 0.5 credit stands for each hour of laboratory or practical a week
